Ag & Country Directory is published annually and is delivered free of charge to farm and rural addresses in Ontario. Ag & Country is not responsible for any mistakes, omissions, or typographical errors. The Ag & Country Directory Team is diligent in checking all advertising copy for any errors, but no guarantee is given or implied.

WELCOME TO AG & COUNTRY

Without question 2020 has been an unusual year! Hopefully in 2021 the world will get back to “normal.”

Despite the unusual year, for the farming and agriculture community many things remain the same. As the harvest season closes, we immediately begin planning for the year ahead, considering what went well over the past year, and what areas to improve.

It is our hope that the information contained in this Ag & Country Directory will be helpful throughout the year – but especially during “planning season.”

Winter is a good time to consider a variety of financial planning options, for example. If that is already done, perhaps you are looking for more practical solutions such as a supplier with expertise in drainage – we have several options for you to consider in this Directory.

The Directory includes lots of options for livestock equipment. It includes plenty of choice for meeting all your farm equipment needs – everything from equipment repair and parts (including welding) to lubricants, and from tractors to wagons.

Perhaps you have equipment needs you would like to explore through auction houses – the Directory can help there too.

The Ag & Country Directory also includes options for buildings to store and protect your farm equipment, as well as accessories to attach to your existing equipment to gain the most efficiency from your farm machinery.

Are you planning your garden for the spring? Do you need lawn and garden equipment? A new eavestrough, or to protect the barn with a new paint job? Are you thinking of adding in a pond?

These are only a taste of the products and services you can find in this handy annual directory. We encourage you to check out the pages that follow throughout the year, and to reach out to suppliers and service providers to learn how they can help you accomplish your farming goals in 2021.

Reduce Header Loss with the Duck Foot

- Quickly slips over existing tine, attaching directly to the reel pipe
- Comes with newly designed reusable clip system
- Fast and easy to install and remove
- Field-tested and proven to improve yield
- Clears the cutter bar and feeds crop more evenly for better threshing
- Slower reel speed for less crop damage
- Increases ground speed
- Beneficial in soybeans, pulses, chickpeas, cereals, straight cut canola among other crops
- Fits a variety of combine headers
- Design & Utility Patented

Reusable Clip

SAVE STRAW WITH PICUS

HERE'S WHY DAIRY FARMERS CHOOSE PICUS

- Consistent, even spreading reduces wasted straw
- Razor-sharp knives cut and discharge in one smooth motion
- Fine chop prevents manure system clogging
- Developed specifically for tie and free stall dairy barns

SELF-PROPELLED models feature a hydrostatic, skid-steer type 4WD in a compact design, that jumps curbs and maneuvers tight corners with ease. These efficient, all-hydraulic units keep going year after year in dirty, demanding conditions.

LOADER MOUNT choppers provide the added versatility of discharging into pens, featuring the most compact design on the market. They are a cost-effective alternative, operated by the hydraulic power of your loader.

TRAIL BEHIND

IN-FIELD PICKUP

SMALL BALES. BIG PRODUCTION.

The BALE BARON® from Marcrest eliminates manual handling, extra time and additional labour costs associated with producing high-demand small square bales.

By packaging up to 1000 bales per hour into bundles of 21 bales, the Bale Baron is the fastest small bale accumulator on the market. The Bale Baron bundle is the most versatile bundle size, no matter how you stack it or handle it. Optimize freight costs, whether you sell by the bale or by the ton.

Trail-behind-baler and In-field Pick-up units come in both economy and high-capacity models.

MISCELLANEOUS AG PRODUCTS

There's a better way to protect your fuel.

The award-winning Fuel Lock™ keeps your fuel storage secure allowing you to monitor usage, right from the palm of your hand! You'll know every time your fuel is accessed, and by who, in real time – from anywhere in the world

FUEL LOCK™ PERSONAL

Say goodbye to you padlock and chain. With Fuel Lock™ for Personal there's a simpler way to secure your fuel. Just punch in your PIN, fuel up and go!

Features:

- Connection to new or existing pumps
- Single use PIN entry
- Automatic locking timer
- Operates 120/240V power
- Max 30 amps
- Weatherproof enclosure
- Upgrade to Fuel Lock™ Business at any time

FUEL LOCK™ BUSINESS

View fuel usage in the palm of your hand. Managing up to 1000 employees, Fuel Lock™ Business alerts you every time your fuel is accessed

Features:

- Connection to new or existing pumps
- Multiple user capability
- Automatic locking timer
- Operates 120/240V power
- Max 30 amps
- Weatherproof enclosure
- Custom text and email alerts
- Free download of Fuel Lock™ app
- Daily, weekly, or monthly PIN usage reports
- Ability to read litre amount per employee fill (flow meter compatible)
- Lock out parameters
- Enclosure tamper alert
- Upgrade to Fuel Lock™ Commercial at any time

FUEL LOCK™ COMMERCIAL

Powered by **TATTLE systems**

Monitor every drop. Fuel Lock™ Commercial tracks the level of your fuel tank, notifying your fuel provider when you need a fill!

Features:

- Connection to new or existing pumps
- Multiple user capability
- Automatic locking timer
- Operates 120/240V power
- Max 30 amps
- Weatherproof enclosure
- Custom text and email alerts
- Free download of Fuel Lock™ app
- Daily, weekly, or monthly PIN usage reports
- Lock out parameters
- Enclosure tamper alert
- Ability to read level of fuel tank in real time
- View litre amount per employee fill (flow meter compatible)
- Share level data with fuel provider

Come see the display unit at our yard for details and training or check out the online link at https://www.youtube.com/playlist?list=PLEKHVPBg1ELOKbqvO_YEAKqqQUuPsn3uL

N-Rich® is very reactive in soil, increasing pH within 2-6 weeks rather than 6-8 months for Aglime

Benefits of N-Rich®

- Optimize crop yields by increasing nutrient & pH levels
- Adds organic matter
- Retains soil moisture, key during drought conditions
- Stimulates microbial activity for better nutrient cycling from soil to crop
- Reduces soybean cyst nematodes (SCN)
- Fertilizer Canada Registered Product

RANCH-WORTHY POWER AT A PRICE YOU'LL LIKE.

Power. Performance. Comfort. Without the cost. That's the NEW Kubota M7-2 Rancher Edition. Built to handle the toughest jobs, the M7-2's load sensing (CCLS) hydraulics allow you to run a variety of implements and gives you wide-ranging versatility to handle all your jobs. Work comfortably from the roomy cab with a built-in radio and comfortable seats. Plus, you can add a front loader with an impressive lift capacity of 5776 lbs. The M7-2 certainly earns its "Rancher" title.
